Please give an overview of the individual and why they should win this award (minimum 600 words, maximum 1500 words). Areas this could cover include:

- Description of the nominee's current role and their contribution to projects during 2020. This can include their role in progressing procurement, their part in overcoming challenges in operational projects or any examples of following best practice to keep projects on-track.
- Description of how they have contributed to internal and external relationships during the year and demonstrated exemplar partnership working. This can include testimonials from colleagues or clients.
- How they have gone above and beyond to make progress during the difficult circumstances caused by the pandemic
- Three reasons the nominee should win the 'Individual of the Year' Award.

Some tips for a winning entry: You will be scored on this entry form, rather than any prior knowledge the judges have about the individual so make sure you answer the criteria and use the full word count.
