**Please give an overview of the organisation/team and why it should win this award (minimum word count 600 and maximum 1500 words). Areas this could cover include:**

- Three reasons why your organisation should win the award for the work you have done during 2020. This could include helping a project meet a procurement milestone, managing the operational performance of an existing project or supporting partners and/or clients during 2020.
- Two practical examples of where the organisation or team has helped to keep a project on track have overcome challenges or demonstrated exemplar partnership working.
- Details of how the organisation/team has continued to work well together and with external partners during the year. This could include examples of supporting working from home, how staff welfare has been prioritised during 2020 or initiatives to help keep the team connected with each other or with external partners while working remotely.

*Some tips for a winning entry: You will be scored on this entry form, rather than any prior knowledge the judges have about the organisation so make sure you answer the criteria and use the full word count. The judges welcome the use of testimonials to back up the entry form.*

**PLEASE SUBMIT YOUR ENTRY IN THE ENTRY PORTAL ON THE EVENT WEBSITE AT  
(<https://partnershipsawards.partnershipsevents.com/awards-entry>)**

*Entries are treated with the strictest confidence and are only viewed by Partnerships Bulletin and the judges for this category.*
